

Steward Monthly Dashboard Sheet

Monthly reading for stewards, schools, and field teams. Separate Land and Ecology, Steward Viability, and Governance and Collaboration. Report 04 companion · Format 1 v1.0 · July 2026.

Place / node: _____ Date: _____
Month: _____ Reviewed by: _____

Monthly use: Read three streams separately: **Land and Ecology**, **Steward Viability**, and **Governance and Collaboration**. **End point:** Decide the next 30 days clearly.

A

Land and Ecology

Is the place becoming more alive, protected, and stable?

- soil cover and mulch
- water behaviour
- plant vitality
- signs of life
- whether planned care happened

Circle one:

GREEN

YELLOW

RED

Short note

B

Steward Viability

Can the people carrying the work continue without exhaustion?

- time and energy
- basic needs
- role clarity
- overload or conflict
- ability to keep a 30-day rhythm

Circle one:

GREEN

YELLOW

RED

Short note

C

Governance and Collaboration

Are roles, agreements, and next steps clear enough to proceed?

- known decisions
- clear responsibilities
- aligned expectations
- separation of money, purpose, and decisions
- whether the next 30 days are decided

Circle one:

GREEN

YELLOW

RED

Short note

Important rule

Do not force green. Yellow or red is not failure. It is useful honesty.

Green may justify a small next step.
Yellow usually calls for adjustment.
Red calls for protection, pause, or repair.

Next 30 days

What will happen next?

Who is responsible?

What must not be started yet?

Next review date

Remember: Read all three streams separately. Then decide the next 30 days clearly.

- add mulch
- repair water access
- pause expansion
- plant next pixel zone
- invite one new person
- start next school cycle
